Practical Teaching Evaluation (PTE)

The LPGA Practical Teaching Evaluation (PTE) is designed to evaluate the ability to demonstrate knowledge of the physical and psychological principles for creating improved golf performance. The LPGA PTE Guidelines have been developed to ensure that both the National Evaluators and the member taking the evaluation (known hereafter as the "candidate" or the "teacher") have clear expectations and an understanding of each teaching evaluation category and scoring component. The LPGA PTE is a learning experience and a mastery process.
