2008 LPGA COACHES WORKSHOP LPGA AND VISION54

PRESENT

54 COACH "ON COURSE" AT THE U.S. WOMEN'S OPEN

June 25 – 26, 2008

MARRIOTT MINNEAPOLIS SOUTHWEST

AND

ON-COURSE AT INTERLACHEN COUNTRY CLUB

During this unique program you will embark on a journey that will help you define your coaching beliefs and intentions. You will be introduced to tools you can use that help you integrate the physical, mental, and emotional aspects of the game. And you will discover how you can coach players to be "in the moment," prepare for the future, and manage the past.

Guiding your learning will be **LYNN MARRIOTT** and **PIA NILSSON**, co-founders of **VISION54**. With the core principle of bringing possibility to life as its underpinning, **VISION54** offers integrated coaching programs that increase performance and individual development for golfers, for athletes, for coaches, for business - for life.

The two-day **54 COACH** program combines lectures, discussions, experiences and practices. Effective goal setting, emotional management, and creating a culture for productive practice and feedback are just a few of the concepts that will be explored.

Attendees will also have the opportunity to observe tour players during practice rounds of the US Women's Open and discuss on-course coaching techniques during the observation.

"We believe in the potential of human beings. We believe that the players of the future are capable of shooting 54. "So how do you coach players to access more of their potential? How can you prepare to be the Coach of the Future?"

VISION54®

MEET YOUR 54 COACH EDUCATORS

Lynn Marriott (left in photo) and **Pia Nilsson**, co-founders and head coaches of **VISION54**, are highly regarded throughout the golf industry as exceptional teachers who generate remarkable results.

Marriott and Nilsson, creators of the **VISION54** approach, are both internationally renowned experts on the mechanics of the golf swing. However, what makes Marriott and Nilsson stand apart as unique coaches is their inherent **VISION54** belief that the technical side of the game is just one of six essential elements that must be integrated to allow for peak performance. This is what elevates them from good to great - this is what defines them as Complete Game Coaches.

The belief that the physical, technical, mental, emotional, social and spirit of the game elements of golf must come together in balance is at the very heart of the **VISION54** coaching focus that has profoundly changed the game for so many players.

Marriott and Nilsson are both featured among the top-50 lists for *Golf Digest* and *Golf for Women* magazines' best teachers, and are listed in *GOLF Magazine's* Top 100 Teachers. In 2005, *GOLF Magazine* named **VISION54's** flagship program, 54 *GOLF*, the number one golf school in the U.S. They also have co-authored a number of books, including the best-selling *Every Shot Must Have A Purpose*. Their new book *The Game Before the Game: The Perfect 30-Minute Practice* was published in October 2007. Their coaching articles have been frequently featured in the major golf publications, and they have enjoyed numerous appearances on The Golf Channel.
