

Hole 13 (Par 3, 180 yards)
If the pin is set in the back right, watch out for the downhill sloping towards the back.

Hole 14 (Par 4, 468 yards)
Difficult dog-leg left. The left is protected by an out-of-bounds hillside and a creek that extends to the green. The wind may cause the ball to drop after it clears the hill.

Hole 15 (Par 5, 507 yards)
Drive the right side, with a right-to-left draw. If the pin is set on the track portion of the "horseshoe" green, remember the shallow depth, even though it slopes to the front.
