

NEW REQUIREMENTS FOR TRAVEL INTO THE UNITED STATES

Starting November 8, 2021, ALL foreign nationals (regardless of visa status) from ANY country must be fully vaccinated to enter the United States. This applies to any type of travel into the United States, including land travel between the U.S. and Canada/Mexico.

More information can be found [HERE](#).

Acceptable vaccines can be found [HERE](#).

While we are still waiting further guidance on possible exceptions to the rule, our current understanding is that under this new requirement, previously approved 212f waivers will no longer be valid as of November 8, 2021.

The current exceptions can be found [HERE](#).

Current Tour Members who have been recently vaccinated, and have not yet uploaded your vaccination card, please do that [HERE](#).

Non-Members, who did not upload a vaccination card at Stage II or who did not attend Stage II, should upload the vaccination card [HERE](#).
