

PGA Class A Professionals Seeking LPGA Membership

PGA Class A Professionals from the following organizations are eligible to participate in the certification track designation “PGA A2”

- PGA of America
- PGA of Canada
- PGA of Europe
- PGA of South Africa
- Members of other PGA organizations should email professionals.edu@lpga.com to see if they are eligible for this program

PGA Class A members are exempt from the Level I and II education programs and testing. You will have up to 2 years to complete the certification requirements. Completion will certify you as an LPGA Professionals Class A member with full benefits of membership and requirement to complete Continuing Education (CU’s). You will be able to complete all the requirements through an online course and in-person Practical Teaching Evaluation (PTE) testing that is currently offered twice a year.

The LPGA Professionals will provide the Level I & II manuals as part of the online course so members can prepare for the knowledge check quizzes. The online knowledge checks serve as a study guide to review this material, they are not pass/fail.

The PTE Practice Lesson Videos will review the 12 components of an LPGA Practical Teaching Evaluation (PTE) Lesson. The information to execute each of these components is laid out in the logical progression of a lesson throughout the 16 chapters of the LPGA manual and will also be provided as part of the online course.

The chart below lists the requirements to complete the LPGA Professionals Class A certification.
